

Platinum Down Payment Assistance Program

Brought to you exclusively by Bank of America and the Kevin Budde Team

This homebuyer assistance Program currently provides low-to-moderate income families and individuals with a grant that does not have to be repaid. Many times this allows them to purchase a home much sooner than they thought possible.

This Program is available for the purchase of an owner-occupied single-family residence or approved condominium located in California.

The grant made possible through the Program, can be used towards the homebuyer's down payment and/or closing costs on a 30 year fixed rate FHA or VA loan.

The Program is available for purchases of both new and existing homes and is NOT limited to first-time homebuyers.

- Down payment assistance in the form of a grant
- For the purchase of primary residences in California
- New or existing properties are eligible
- Program is NOT limited to first-time homebuyers
